5. Operating environment

A woman with long dark hair, wearing a black blazer and a green and white polka-dot scarf, is smiling as she receives several Euro banknotes from another person whose hands are visible in the foreground. The background is a bright, modern office space with a large green plant on the left and a window with blinds on the right.

omaSp

OmaSp Overview

Solvent and profitable Finnish bank

- OmaSp is a widely operating bank in Finland with more than 145 years of history
- Mortgage credit bank operations started in 2017
- OmaSp was listed 2018 at the official list of Nasdaq Helsinki
- OmaSp has become an established and regular bond issuer

Update on the non-compliance case

NON-COMPLIANCE WITH GUIDELINES 4 percent of total credit portfolio

- In April 2024 OmaSp detected non-compliance with the guidelines as a result of its own monitoring processes
 - A former director of the bank has violated lending guidelines
 - OmaSp has filed a request for an investigation to the police
- In July 2024 completed a review of the quality of the entire loan portfolio carried out by external independent experts
 - The results confirmed that non-compliance case was limited to a separate portfolio, 4% of total loan portfolio
 - A total of EUR 64.4 million was recorded as credit losses related to the non-compliance case during 2024
- OmaSp launched controlled winding down plan in Q3 2024

Improving of risk management and control processes

- During Q2 2024 OmaSp launched an extensive action plan “Noste” to improve risk management processes and other control processes
 - action plan completed as planned in Q1 2025
- Renewed Board of Directors started its work in December 2024
- New CEO Karri Alameri started on 31 March 2025
- New action plan launched to correct the supervisor’s observations in February 2025

Core business is on a solid foundation

- The comparable profit before taxes Q2 EUR 19.0 million
- Main sources of income developed in line with our expectations:
 - Net interest income Q2 -16.1% (vs. Q2 2024)
 - Net of fees and commissions Q2 -2.2% (vs. Q2 2024)
- The comparable cost/income ratio 52.1% in Q2
- Comparable ROE-% 10.2 (3.2)%
- Impairment losses on financial assets are EUR -9.1 million Q2
- OmaSp's financial position is stable, with a good solvency and liquidity position

Key Financials

Oma Savings Bank overview

Key investment highlights

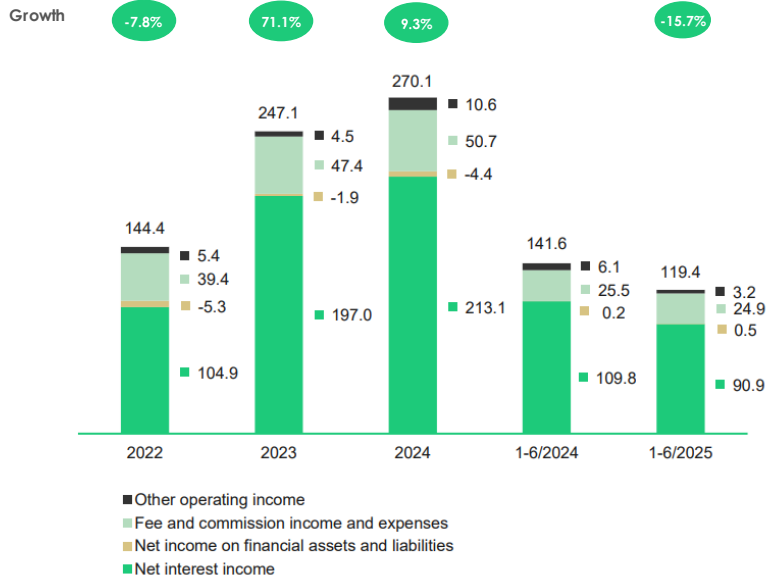

- Core business developed as planned
 - Comparable profit before taxes EUR 19.0 (5.5) million
 - Excellent customer satisfaction
 - Net interest income -16.1%, EUR 44.0 (52.4) million
 - Fee and commission income and expenses (net) -2.2%, EUR 12.4 (12.7) million
 - Impairment losses on financial assets EUR -9.1 (-39.4) million
- Strong financial position
 - Total Capital (TC) ratio 18.7 (15.6) %
 - Accumulated equity 591 (576) million
 - Liquidity position strengthened
- OmaSp has grown strongly in recent years and as a result, the Finnish Financial Stability Authority has updated the bank's status to a resolution bank
 - In 2024 FFSA imposed an updated MREL requirement

Financial profile & rating

Equity 6/2025 EUR million	590.7
Balance sheet total 6/2025, EUR billion	7.4
Comparable profit before taxes EUR million 1-6/2025	23.6

Covered bond rating	AAA

Developments in overall operating income and profitability

Total operating income, EUR million

Comparable profit before taxes, EUR million

The increase in expenses is driven by **increased number of employees, expanded branch network & risk management**

- Personnel expenses
- Other operating expenses
- Business arrangements
- Depreciations and impairments

Number of employees

Outlook updated 15 June 2025

- **The costs remain high** due to improvements in risk management and quality processes, increased headcount, and efforts to address the findings of the Finnish Financial Supervisory Authority
- **Credit loss provisions higher than estimated** due to the update of the ECL model implemented in the first quarter
- **Development of fee and commission income weaker than estimated** in the prevailing economic environment
- Comparable profit before taxes for the financial year 2025 is estimated to be EUR 50-65 million

Outlook for the financial year 2025

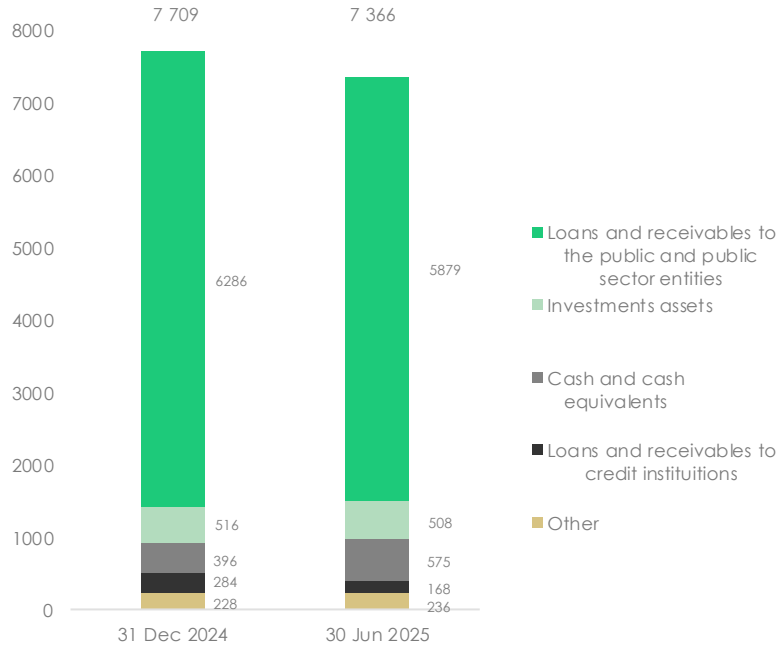

In June, Oma Savings Bank Plc lowered its earnings guidance for 2025, as the Company's cost level is expected to remain high throughout the financial year 2025 due to investments in risk management and quality processes, increased headcount, and efforts to address the findings of the Finnish Financial Supervisory Authority's inspection. In addition, the update of the ECL model implemented during the first quarter has increased the level of credit loss provisions more than anticipated. Furthermore, the development of fee and commission income is expected to be weaker than expected in the prevailing economic environment.

The company estimates that the Group's comparable profit before taxes for the financial year 2025 will be EUR 50–65 million.

Balance sheet total EUR 7.4 billion

Total liabilities and equity

EUR million

Strong capital position

CET1 & TC Ratio

Capital position

- Capital position remains stable. The total capital (TC) ratio of Oma Savings Bank increased and was 18.7% in June 2025.
- The current TC-% ratio requirement is 13.77%.
- Risk-weighted assets, EUR 3,105.0 (3,662.7) million, decreased from the level of the comparison period. The reduction was largely due to a decrease in exposures. In addition, the CRR3 changes that took effect at the beginning of the year reduced risk-weighted assets. In particular, the risk-weighted amount of operational risk decreased.
- Own funds (TC) were EUR 581.9 million at the end of Q2 2025 and the total capital requirement was exceeded by EUR 154.4 million.
- OmaSp applies in the capital requirement calculation for credit risk calculation the standardized approach.

Changes in credit risk position during Q2 2025

- During the second quarter, the impairment losses on financial assets were in total EUR -9.1 (-39.4) million.
- The amount of impairment losses was impacted by an increase in allowances in the controlled winding down portfolio, which had an impact of approximately EUR 1.2 million during the reporting period. In other loan portfolio, impairment losses amounted to approximately EUR 7.9 million, the development of which was particularly affected by weak general economic situation and the level of provision has increased in accordance with the ECL model as default durations have become longer.
- During the second quarter, less expected credit losses (ECL) were recorded than in the comparison period, totalling EUR 6.4 (33.0) million.
- During the comparison period, an additional allowance of EUR 30 million, based on management's judgement, was recorded in relation to non-compliance with the guidelines, based on a survey conducted by the Company and an ordered external report on the quality of the credit portfolio.
- The net amount of realised credit losses decreased compared with the comparison period and was EUR 2.7 (6.5) million in the second quarter.
- Impairment losses H1 on financial assets (net) were EUR -31.4 (-62.5) million.

Asset quality

Financial corporations	0.8 %	0.8 %	0.5 %	0.0 %
Others	0.0 %	0.0 %	0.0 %	0.0 %
Total	8.4 %	7.7 %	6.5 %	2.6 %

Changes in credit risk position during Q2 2025

- During the reporting period, majority of the increase in the expected credit losses balance was in customer group corporations

Non-performing exposures on the rise

- Non-performing exposures were totaling at EUR 509.7 (484.7) million and 8.4% (7.7 %) of the total credit portfolio
- Of total non-performing exposures, the share of the portfolio related to non-compliance with the guidelines was 3.0% (2.7 %), where 2.3% came from non-financial corporations and 0.6% financial corporations

Investments in risk management

- OmaSp has made significant investments into improving its risk management framework, including increased headcount, ensuring robust and more efficient processes going forward
- The overall efforts to address the Finnish Financial Supervisory Authority's (FIN-FSA) inspection findings are progressing well, and the co-operation with FIN-FSA has been productive and effective
- For 2025-2026, OmaSp's risk management objectives include strengthening processes, embedding unified risk management practices into core business processes, and further enhancing monitoring and reporting capabilities

omadp

Funding

Oma Savings Bank's funding base

Funding highlights Q2 2025

- The bank's deposit base remained relatively stable with 2.5% growth during Q2 2025. **Deposit base was EUR 3.9 billion** and covers 59% of the funding structure. Majority of the deposits are customer deposits that cover 95% of the deposits base while wholesale deposits only cover 5% of the total deposit base

Funding outlook for 2025

- Senior Preferred EUR transactions are used to cover MREL requirements
- Moderate funding need is mainly driven by slow economic environment, banks maturity profile and MREL requirements

Funding structure

Maturity profile

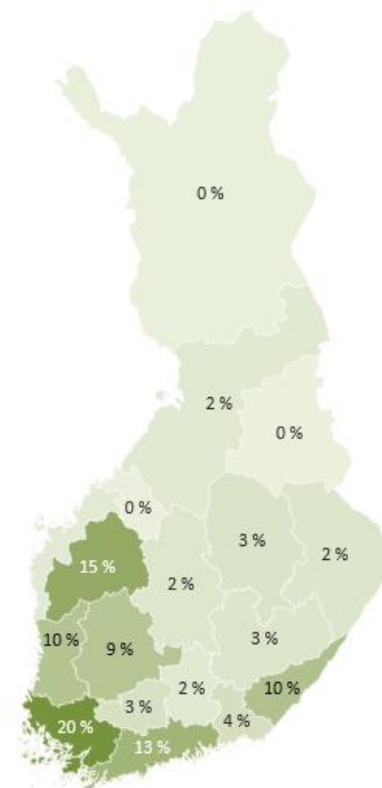

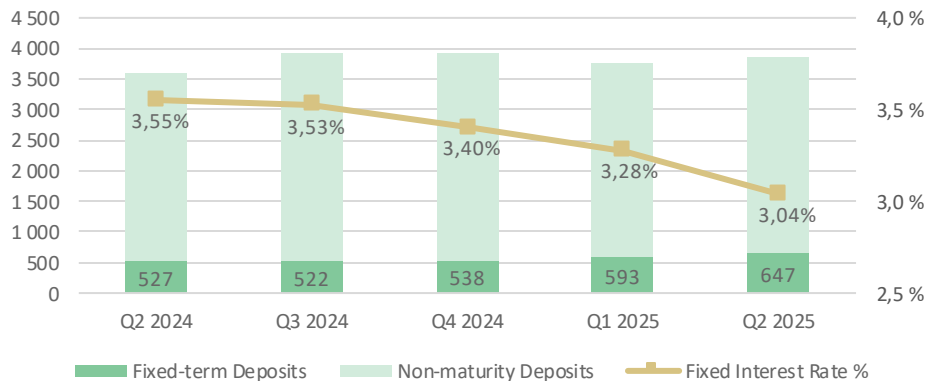

Oma Savings Bank's deposit base

Stable deposit base with an increased interest in fixed-term deposits

- The bank's deposit base remained relatively stable with 2.5% growth during Q2 2025. **Deposit base was EUR 3.9 billion** and covers 59% of the funding structure. Majority of the deposits are customer deposits that cover 95% of the deposits base while wholesale deposits only cover 5% of the total deposit base.

Fixed vs Non-maturity Deposits + IR

Eur million

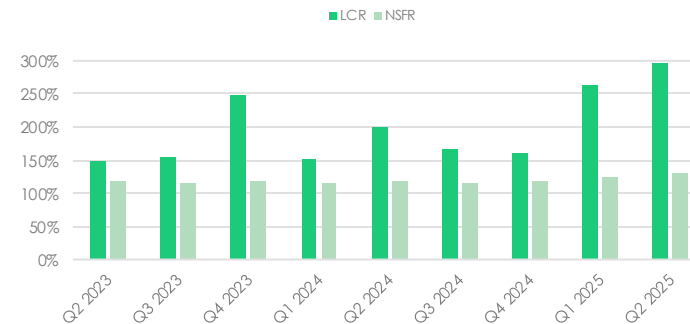

Liquidity management and investment portfolio

Liquidity and investment portfolio Q2 2025

- The bank's investment portfolio amounted to EUR 529.8 million. Majority of the investments consist of LCR Level 1 assets and bonds that have minimum rating of Aa3
- Allocation of the investment portfolio
 - Fixed income 93%
 - Equity 6%
 - Alternative investments 1%
- Funding remained stable and development was in line with banks expectations. **LCR-ratio was 296% and NSFR 130%** at the end of Q2 2025. Both LCR and NSFR were well above the regulatory requirement of 100%.
- OmaSP is a direct counterparty of the Bank of Finland
 - Enables participation in the ECB's short-term and long-term market operations
- The bank has several repo counterparties
 - Enables short-term, secured loan funding through the interbank market

Liquidity (LCR & NSFR)

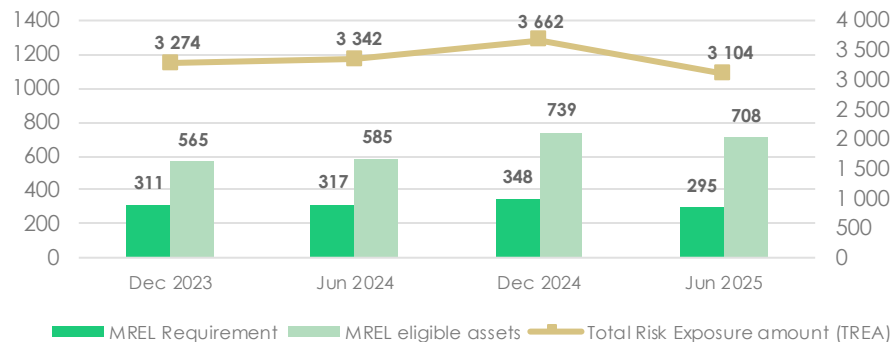

Fixed income portfolio structure

Updated level for MREL requirement

MREL requirement and eligible assets (EUR m)

Current and updated MREL requirement

- As per 30 June 2025, the Current MREL requirement (based on overall risk: 9.5%, leverage ratio: 3.0%) is fulfilled with own funds.
- On 17 April 2026 - one year earlier than expected – OmaSP must meet updated MREL requirements as laid out by the Financial Stability Authority on 21 March 2025: Marking the larger euro requirement of both ratios, OmaSp must meet a 20.88% MREL requirement of the total risk exposure amount. Its requirement based on the leverage ratio exposures was updated to 7.89%.
- As of today, the bank does not have requirements for subordination so MREL-requirements can be covered by using senior preferred debt
- In accordance with the financing plan confirmed by the Board of Directors, OmaSp is preparing to meet the future MREL requirement even before it enters into force

omadp

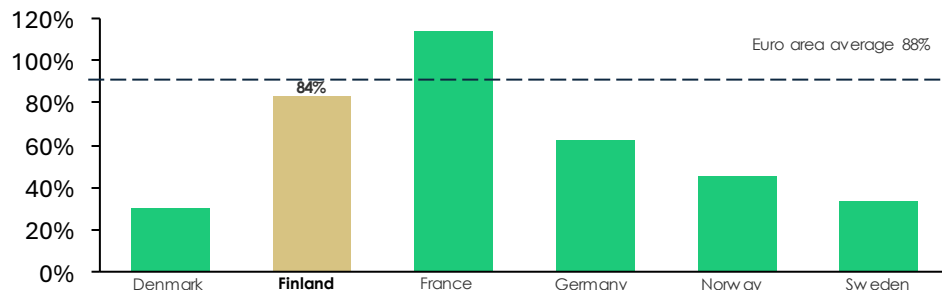

Operating
Environment

Finnish economy expected to recover in 2025; government indebtedness below Euro area average

Macroeconomic outlook

	2023	2024	2025F	2026F	2027F
Real GDP growth (%)	-1.0	-0.1	0.5	1.5	1.6
CPI (YoY%)	4.3	1.0	1.7	1.4	1.8
Unemployment (%)	7.2	8.4	9.2	9.0	8.5
Current account balance of payments (% of GDP)	-0.4	0.3	-0.4	-0.1	-0.1
Government debt to GDP	77.1	82.1	84.9	86.7	87.9

Government debt to GDP as per Q1 2025

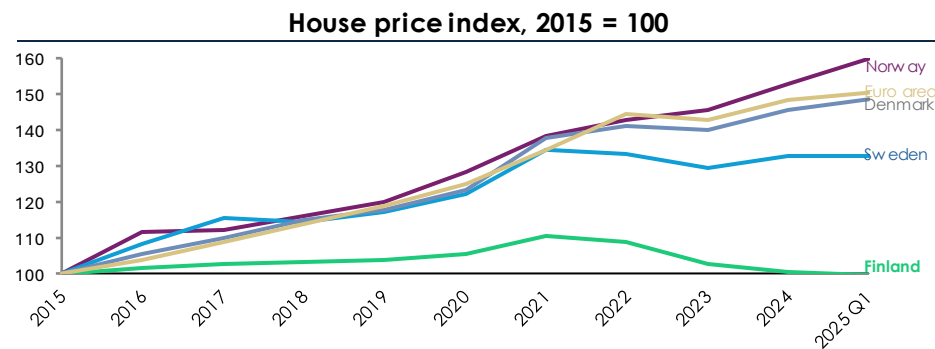

- The **Finnish economy** is slowly recovering from a recession. GDP will predictably **grow by 0.5% in 2025 by 1.5% in 2026 and 1.6% in 2027**
- Finland's economy is facing new obstacles to its recovery. Trade policy tightening and uncertainty over the development of the global economy will slow the pace of economic growth, and a clearer improvement in economic conditions will not be seen until next year.
- Financing conditions have eased as interest rates have fallen
- Public debt will continue to grow, even though fiscal adjustment measures have been taken
- **Finnish government indebtedness relatively low** compared to the Euro area average

Finnish household indebtedness lowest in Northern Europe whilst housing market remains stable

- **Household debt** (as % of net disposable income) in Finland is **lowest in Northern Europe**

- **The housing market in Finland is solid** in comparison to the other Nordics and the Euro area – **the decline in house prices development has stabilized**

Sustainability is one of the basic pillars of our strategy

Sustainability is at the heart of our business and an important part of our future operations.

We have defined **three key sustainability themes** for the company.

We have made a commitment **to support the UN's 17 Sustainable Development Goals**. Our aim is to include **five of the targets** that have the greatest impact on our operations in OmaSp's management, strategy and day-to-day operations.

Sustainability roadmap

We want to be local and close to people. **Personal customer service** is our key to customer satisfaction. We regularly monitor customer satisfaction and listen to our customers. We also want to continuously support **all aspects of our personnel's well-being** and enable **the development of our personnel's competence**.

We have an important task to **support customers in the management and development of their personal finances**, in addition to which **we support the well-being of local communities** by employing and financing local players. **We ascertain good governance and ethical business** and also ensure **the sustainability of our partners**.

We have the opportunity to positively impact the challenges arising from climate change **by providing sustainable financial and investment solutions** to our customers. **Assessing the climate-related risks of investment activities and portfolios** is important. We also regularly calculate the **emissions from our own operations**, with the goal of reaching carbon neutrality.

OmaSp mortgage loan underwriting criteria

Identification of customers	<p>All mortgage applicants are identified, including their legal capacity.</p> <p>The financial position of the mortgage applicants is verified, including information of any internal and external payment defaults.</p>
Income status	<p>The income status of mortgage applicants is verified by using payslips, information from the tax authority as well as the bank account details for the existing customers.</p>
Stress testing	<p>The mortgage applicants' ability to repay their mortgages is stress-tested with an interest rate level of 6% and a maximum loan maturity of 25 years. This stress-tested ability to pay may not be more than 60% of the applicants net income.</p>
Positive credit register	<p>Positive credit register was introduced in Finland 1st April 2024. The positive credit register is a system where lenders enter information about the loans they have granted and changes made to these credit agreements. All applicant loans can be identified from a register. This helps in assessing applicant's ability to pay and preventing over-indebtedness.</p>
Customer scoring	<p>Each customer is assigned a credit scoring at the time of the new mortgage application. After the credit is granted the credit scoring updates automatically monthly.</p> <p>The poorest classes are not applicable for the cover pool. There is no insolvent customers in the cover pool.</p>
Additional criteria for inclusion in the cover pool	<p>Compliance with the Finnish Covered Bond Act including that only maximum of 80% of the fair value can be accounted for as collateral for housing loans, and only 60% for commercial real estates.</p> <p>Non-performing loans are excluded from the cover pool.</p>

Ownership structure (as of 30 Jun 2025)
